We are **SICK SAINTS** and we invite to you our **SICK** kingdom....

SICK SAINTS was conceived by the Mighty Mike many years ago.

For years, he was looking for the best of the best to form the band's line-up. Finally, in 2020 he found the right men for the job. They promptly began the recording of this very album and hit the stage, playing their debut show in Kraków on 29th February 2020. And then, the world grinded to a halt. Two years later, when the pandemic subsided, Sick Saints found themselves facing a new reality. The line-up has changed. The world itself has changed. But one thing remained the same – Mike's devotion to music and to the band he brought to this world. Hand in hand with St. Tommy, his brother-in-music, they endured and poured all their energy into their music progeny – here it is, **SICK SAINTS**.

SICK SAINTS are:

The Snake - vocal

Sick M - bass

St Tommy - drums

Mighty Mike - guitars
